

# Future In Us

---

In this project, Poland coordinated, teachers from Poland, Turkey, Italy, Lithuania, Bulgaria and Greece will constitute a digital platform on which anybody can find a lot of educating films and all students will be able to benefit from for a lot of subjects.

The Project, started on 31st 2020 officially and teageted especially disadvantaged groups of students, will end in two years. It is assumed that this type of e-digital platform will prevent drop of school and absenteesm among students while activate creativity skills.
