

Colors of Spring - 02.01.2019

The project Colours of Spring is focused on English (especially vocabulary connected with spring), Trivia, Multicultural Education and ICT. The project is suitable for primary school pupils and also for kindergarten children.

All the teachers and pupils involved are supposed to do activities, such as:

- take 6 photos of spring things, typical in your country, in one colour (every eTwinning partner has got his/her own colour) (CHILDREN)
- edit the photo in the photo editor and write the appropriate word in his/her language and in English (6+6 words) (TEACHERS)
- make an on-line jigsaw game for the partners - suitable for IWB or PC (or tablet, ...) from all the photo - colages (TEACHERS for CHILDREN)
- make a Kahoot game (IWB + device like tablet or a mobile phone) for the partners from the photos and English words (TEACHERS for CHILDREN)
- make printable presentation posters (each partner has got different colour) for partners

This is a short term project (till May or June 2019)

- learning about spring in my country and abroad (getting familiar with different culture backgrounds)
- learning a simple spring vocabulary in English and in other languages (content and language integrated learning)
- a simple ICT education (new tools)
