

## Tree of Wishes – 21.06.2019

Students 7 to 15 will create a collaborative Tree of Wishes. We will decorate a real or drawn tree using wishes cards written by our students.

They will write in English their wishes for the New Year or another festivity and will hang the cards on the tree. Then each school will prepare a wishes card for the other partners. The cards from the other countries will be printed and they will decorate our collaborative Tree of Wishes. Finally we will have a " Best Tree of Wishes Contest".
